Symphony of Smiles

There is something magical about a smile. It needs no translation, no explanation — it is the simplest expression of joy, connection, and hope. A smile lights up faces, lifts moods, and often speaks louder than words. Every smile is a note, every giggle a melody and every burst of laughter, a song that binds hearts together. This is a music that needs no instrument, a rhythm that needs no beat. It is the music of laughter, the rhythm of joy—the **Symphony of Smiles**.

This Children's Day, as we celebrate the laughter, innocence, and boundless energy of childhood, we embrace the theme "**Symphony of Smiles**" — a reminder that each child's happiness adds a unique note to the grand melody of life.

The sound of laughter ringing through school corridors is perhaps the most uplifting music in the world. It is spontaneous, innocent, and filled with life — a melody that lifts the dulllest spirits and brightens the gloomiest corners. This music, born from the joy and curiosity of children, is what we call the **Symphony of Smiles** — a celebration of childhood in all its purity, wonder, and brilliance.

Children's Day, celebrated on **November 14**, is not just a date on the calendar — it is a celebration of what makes childhood precious: wonder, imagination, and the ability to find happiness in the simplest of things. Our hearts naturally

Education is a shared commitment between dedicated teachers, motivated students, and enthusiastic parents with high expectations

turn to the ideals of Pandit Jawaharlal Nehru, who believed that "the children of today will make the India of tomorrow." For him, children were not just the future; they were the most honest reflection of what is right and hopeful in the present. Their laughter, their questions and their smiles form the rhythm that keeps life fresh and purposeful.

Every child's smile is a note in the grand orchestra of life. Together, those smiles form a symphony — sometimes playful, sometimes thoughtful, but always full of meaning. Each classroom, playground, and art corner becomes a stage where this music plays endlessly, transforming ordinary days into moments of magic.

Every classroom is like an orchestra — full of unique sounds, personalities, and tempos. Some students hum softly, calm and steady; others are bold, vibrant, like trumpets of energy. Together, they create the harmony of learning. And in the classroom, teachers become conductors of this beautiful symphony. They guide, inspire, and sometimes simply let the music flow. Every curious question, every act of kindness, every shared giggle between friends adds to the harmony. The chalkboard becomes a canvas, the bell a drumbeat, and learning itself a rhythm that unites all hearts. It is an opportunity to pause and listen — really listen — to these melodies of joy. Sometimes they

From the Principal's desk:

News Letter 2025-26 – Edition 6

come in laughter during games, sometimes in the quiet satisfaction after solving a tough math problem, and sometimes in the shared pride of performing a skit or dance. And that is what a symphony of smiles is — not a chorus of perfection, but a melody of encouragement, each smile lending courage to another heart.

Children are the world's most beautiful song — pure, unrepeatable, and ever-changing. Their laughter carries dream, their curiosity brings rhythm to the ordinary, and their innocence reminds us of what truly matters. Teachers, parents, and mentors are like conductors — guiding gently, ensuring that every note is heard. But the melody belongs to the children. It is their voices, their giggles, and their boundless imagination that fill the air with music.

As we grow older, the world sometimes teaches us to measure happiness in achievements, possessions, or status. But children remind us that joy can be found in little things — a story well told, a shared lunch, a burst of rain on a hot day, or the thrill of discovering something new. They are living examples of what it means to live in the moment. In celebrating them, we celebrate the art of happiness itself.

A symphony cannot be played alone. Each note, each pause, each instrument matters. Likewise, in the grand composition of school life, every student, teacher, and staff member and the support of the parents plays an essential role. A teacher's encouragement, a friend's kindness, a parent's support — all contribute to the music of joy that makes learning meaningful.

When we speak of a *"Symphony of Smiles,"* we also speak of inclusion — ensuring that no child's smile is missing from the melody. It is about empathy: reaching out to the quiet child in the corner, comforting a friend who feels left out, or celebrating another's success as if it were our own. True harmony exists only when every note is valued.

This Children's Day, let us promise to keep this **Symphony of Smiles** alive — in our classrooms, in our playgrounds, and in our lives. Let us listen to each other's melodies, respect each other's pauses, and celebrate the beauty of difference. — for those that shine brightly and those that need a little encouragement to bloom. Let's build classrooms where learning is not a race but a shared journey, where mistakes are not failures but lessons, and where every child's unique voice adds beauty to the collective song.

Think of the moments that stay with us long after the day is done. A child offering part of their tiffin to a friend who forgot theirs. A group of students helping a classmate master a tough lesson before an exam. The cheerful chorus of "Good morning, ma'am!" echoing through the halls. These are not grand gestures — they are small, everyday notes in our school's symphony.

"Symphony of Smiles" is The Song that Never Ends.

In the grand concert of life, childhood is the opening movement — full of light, rhythm, and discovery. The "Symphony of Smiles" is a reminder that happiness is not a solo but a shared performance. As we mark this Children's Day, let's fill our world with smiles that echo through every corridor, classroom, and playground.

Let's remember that the beauty of a symphony lies not in perfection, but in participation — in every heart joining the song. And as the music of laughter rises once more this November, may it remind us all that the sweetest sound on earth will always be a child's smile.

World Vegan Day – Celebrating Compassion & Sustainable Living

World Vegan Day is celebrated every year on November 1st to promote a lifestyle that respects animals, protects the planet, and supports healthier living. It was first established in 1994 by The Vegan Society in the United Kingdom to mark the 50th anniversary of the term “vegan.” Since then, this special day has motivated millions of people around the globe to explore the benefits of veganism.

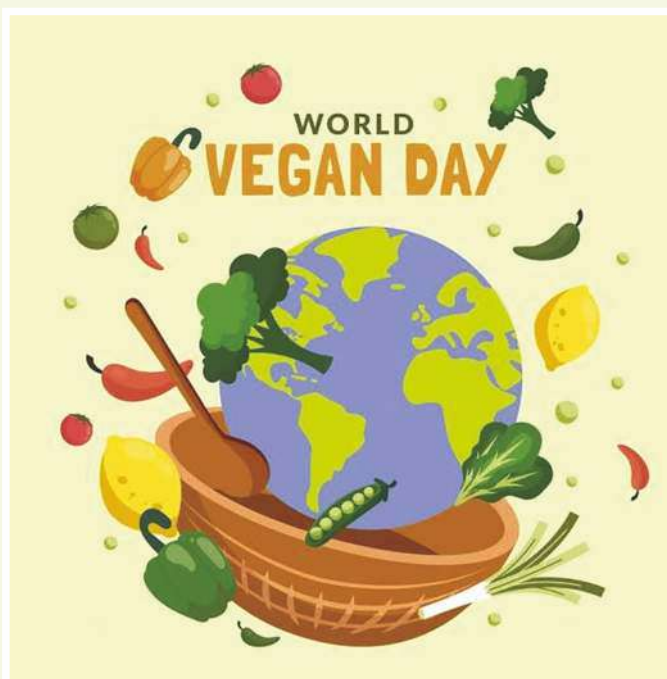

A vegan lifestyle encourages the use of plant-based foods like grains, fruits, vegetables, nuts, seeds, and legumes, while avoiding all animal products such as meat, dairy, eggs, and honey. It also promotes cruelty-free clothing and products that do not involve animal exploitation.

One of the greatest advantages of veganism is its positive impact on health. A balanced vegan diet is rich in essential nutrients like vitamins, minerals, fiber, and antioxidants. It helps reduce the risk of heart disease, diabetes, obesity, and certain types of cancer. On the environmental front, plant-based living supports sustainability by reducing greenhouse gas emissions, saving water, and protecting forests and biodiversity. Most importantly, veganism encourages kindness and compassion towards all living beings.

Schools, organizations, and communities come together on World Vegan Day by conducting awareness programs, vegan food fairs, cooking demonstrations, lectures, and activities that encourage people to make mindful and eco-friendly choices. It is a great opportunity for students and the youth to learn how their everyday habits can shape a better world.

World Vegan Day reminds us that our smallest actions can bring big changes. By choosing more plant-based meals, using cruelty-free products, and spreading awareness, each one of us can take a step towards a healthier planet and a more compassionate future.

Let us celebrate this day by promising to care for animals, nature, and ourselves — because a better world begins on our plates

CBSE Science Exhibition

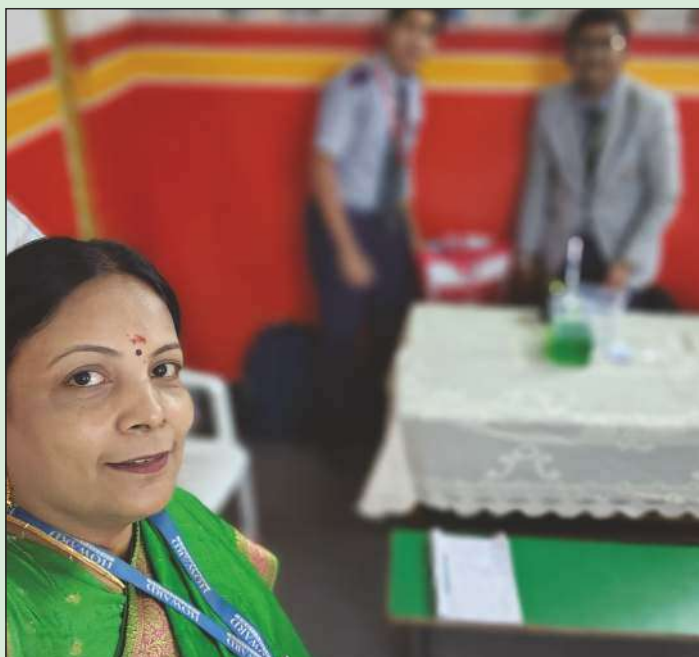

CBSE Science Exhibition Conducted on 6 and 7 November

I am Y. Sai Sreevatsa of class 10 C. Recently our school was selected for participating in the CBSE regional science exhibition. I was fortunate to be one of the students alongside Dhruv pathak of 10 A representing our school. It was held in St. Peter's High school.

Talking about our model, it was based on generating tritium, an important isotope of hydrogen for using in the fusion reactors. Our model was appreciated by many other schools and I felt great joy in expressing the scientific facts of chemistry and was thrilled to see the other models too. There were many good models alongside ours and I really enjoyed understanding and learning new concepts. During the two day fair, the CBSE regional head, respected Ramesh P Menon had taken a visit to the exhibits. At the end of the exhibition, some students from around 3-4 schools were allowed to speak on the stage from which I was fortunate to be one of them. It was a good experience giving a speech on the stage in front of other schools and many respected guests. We were also invited to speak about our project on the news which was taken by ETV win. It was my first time and I enjoyed it. Though we lost we learned many things from the exhibition.

In all, it was a very good experience at the exhibition and I am looking forward to take this spirit forward in my adventure for knowledge.

Thank you

Vande Mataram – 150 Glorious Years

The patriotic song “Vande Mataram”, written by Bankim Chandra Chatterjee in the 1870s, continues to inspire generations of Indians. It was first sung on 7th November 1875 and later published in 1882 as part of Bankim Chandra Chatterjee's famous Bengali novel Anandamath.

To commemorate the completion of 150 years of this iconic song, the children of Howard Public School presented a special assembly on 7 th November. The students sang “Vande Mataram” with great pride and emotion, celebrating the spirit of nationalism and honouring one of the most powerful creations of India's freedom movement.

Vande Mataram

World Science Day for Peace and Development Celebrating Innovation for a Better Tomorrow

Every year on 10th November, the world comes together to observe World Science Day for Peace and Development, an initiative launched by UNESCO in 2001. This special day highlights the important role science plays in shaping a peaceful, progressive, and sustainable society.

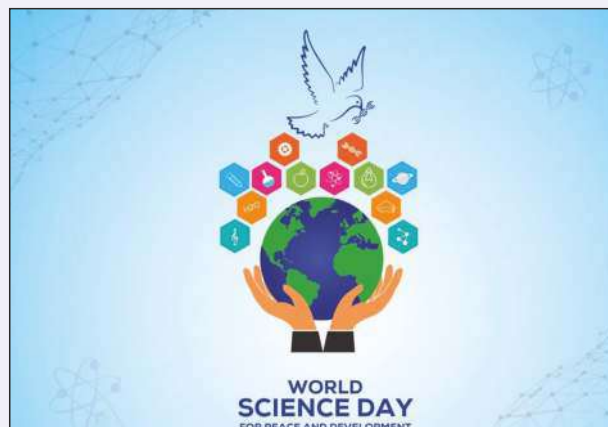

Science is not just a subject in our classrooms — it is the foundation of everyday life. From clean drinking water and advanced medical care to digital communication and environmental protection, science drives solutions that improve the quality of life for all. The day aims to ensure that scientific knowledge is shared equally and responsibly, so that everyone benefits from its discoveries.

Each year, this day is celebrated with a meaningful theme that focuses on solving global challenges such as climate change, health crises, and technological inclusion. Schools, research institutions, and governments across the world organize science exhibitions, awareness programmes, debates, and interactive activities to encourage young minds to think creatively and scientifically.

For students, World Science Day is an inspiring reminder that curiosity, observation, and experimentation can lead to great innovations. It encourages the next generation to develop scientific temper, critical thinking, and a commitment to use knowledge for the welfare of humanity.

Science is a powerful tool — but peace and development are the true goals. When science is guided by ethics and compassion, it becomes a force that unites people and protects the planet.

Let us celebrate this day by appreciating scientists, adopting a scientific outlook, and contributing to a peaceful and sustainable future through knowledge and innovation.

National Education Day Honouring the Vision of Maulana Abul Kalam Azad

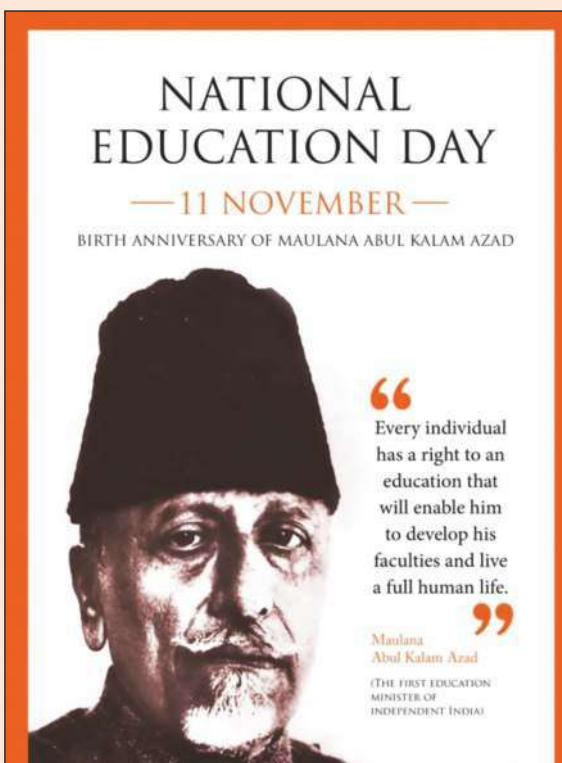

National Education Day is observed every year on 11th November across India to commemorate the birth anniversary of Maulana Abul Kalam Azad, the first Education Minister of independent India. A visionary leader, a freedom fighter, and a strong advocate of education, his contribution laid the foundation of the modern Indian education system.

Maulana Azad firmly believed that education is the most powerful tool to bring progress and unity in society. During his tenure, he established many important national institutions such as the University Grants Commission (UGC), the Indian Institutes of Technology (IITs), and promoted free and compulsory education for children up to the age of 14. His policies encouraged development, and equal

Children's Day Celebration at Howard Public School

Howard Public School celebrated Children's Day with great joy, excitement, and enthusiasm. A special program was organised by the teachers exclusively for the entertainment of the students. They presented a delightful variety of performances including dance, skits, singing, comedy poems, and humorous jokes, filling the auditorium with laughter and applause.

To make the day even more memorable, a variety of fun and skill-based competitions were conducted class-wise:

Nursery, LKG & UKG

- Musical Chairs
- Colour the Given Picture
- Solo Singing

Classes I, II & III

- Memory Game
- Jigsaw Puzzle
- Dance and Statue Game

Classes IV & V

- Balloon Cup Blow Game
- Wallball Game
- Word Antakshari

Classes VI & VII

- Circle Race
- Ball and Glass Race

Classes VIII, IX & X

- Potato Race
- Box Cricket
- Treasure Hunt
- Quiz Competition

All students participated with great enthusiasm and sportsmanship. The day was filled with fun, learning, and joyful memories. The celebration truly captured the spirit of Children's Day, reminding us that children are the heart of our school community.

Children's Day Celebration

Children's Day Celebration at Howard Public School

CBSE Celebrates Jayantiya Gaurav Divas 2025 Honouring the rich contributions of India's tribal communities

CBSE initiated the celebrations of Jayantiya Gaurav Divas 2025 to highlight and honour the invaluable contributions of India's tribal communities to our society, culture, and heritage. Schools across the nation were encouraged to organise a series of suggestive activities from 1st November to 15th November as part of this important observance.

In alignment with this initiative, the students of Howard Public School enthusiastically participated in all the activities announced by the Board. Their active involvement showcased respect for India's tribal heritage, appreciation for traditional knowledge systems, and a deep understanding of the tribal community's role in shaping the nation.

The efforts of our students are truly commendable and deserve heartfelt appreciation.

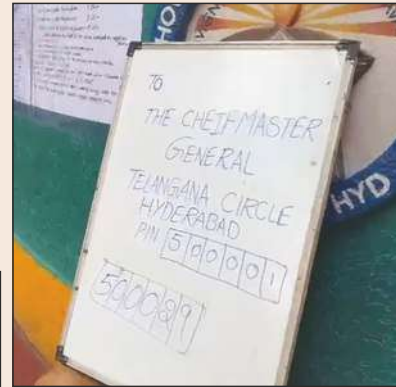

Jayantiya Gaurav Divas 2025

Postal Department Conducted Letter Writing Competition

Letter writing competition was conducted on 15th November by the postal department.

Nearly 250 children participated in the competition writing the letter in 3 languages English Telugu and Hindi.

Celebrating Unity in Diversity at Howard Public School 18th November 2025

National Integration Day is observed on 18th November every year to promote unity, peace, and harmony among the people of our nation. On this special day, the students and staff of Howard Public School came together to celebrate the true spirit of togetherness.

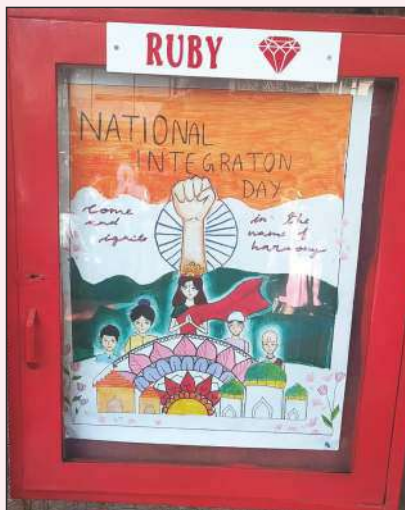

A special assembly was organized to mark the occasion. The program began with a thoughtful speech by a Class 9 student, highlighting the importance of staying united despite our diverse cultures, languages, and traditions. Her words inspired everyone to uphold the values of equality, respect, and brotherhood.

To make the event more engaging, students participated in a quiz competition based on the theme of national integration. The quiz encouraged students to learn more about our nation's history, national symbols, and the contributions of great leaders who worked tirelessly to keep India united.

The celebration also included a soulful song and a graceful dance performance dedicated to peace and harmony. The talented performers beautifully conveyed the message that love and cooperation are the true strengths of our country.

The assembly concluded with a pledge to maintain unity and contribute positively to our society. It was a meaningful and enriching experience for everyone present.

Howard Public School continues to inspire its students to grow as responsible citizens and to cherish the bond of unity that keeps our nation strong.

Constitution Day Celebration at Howard Public School

Howard Public School observed Constitution Day on 26th November with great pride and patriotism. The special assembly highlighted the significance of the Indian Constitution and honoured the legacy of Dr. B.R. Ambedkar, the chief architect of the Constitution.

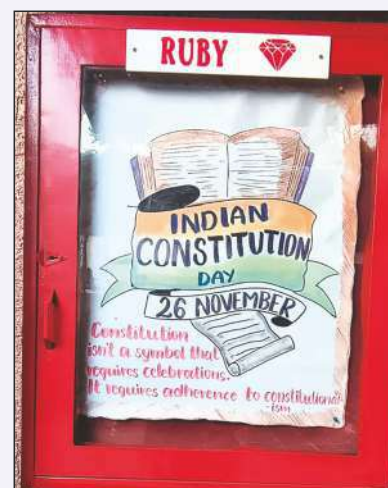

The program began with a thought-provoking speech delivered by a student, who emphasized the importance of constitutional values such as justice, liberty, equality, and fraternity. The speaker highlighted how these principles guide citizens to build a strong, democratic, and inclusive nation.

Following the speech, students presented a skit depicting the making of the Indian Constitution. Through powerful dialogues and expressive performances, the skit showcased the tireless efforts of the Constituent Assembly and the vision of the leaders who shaped the nation's guiding document.

To further enhance awareness, a set of quiz questions on the Constitution was conducted during the assembly. Students actively participated and enthusiastically responded to questions related to the Preamble, fundamental rights, duties, and key constitutional facts.

In addition, all four houses of the school prepared informative and creative charts displaying important articles, fundamental rights, duties, and inspiring quotes from the Preamble. The vibrant display added a colourful and educational touch to the celebration.

The day's program not only enriched students' knowledge but also inspired them to uphold the values enshrined in the Constitution and become responsible citizens of India.

International Day for the Elimination of Violence Against Women

Observed on 25th November at Howard Public School

Howard Public School observed the International Day for the Elimination of Violence Against Women on 25th November with a meaningful and awareness-driven assembly. The day served as a reminder of the collective responsibility we share in creating a world where girls and women feel safe, respected, and empowered.

The assembly began with a powerful introduction highlighting the purpose of the day and the global campaign "Orange the World," which symbolizes a future free from violence. Students spoke about the various forms of violence women face and emphasized the importance of educating young minds to stand against discrimination, inequality, and abuse.

A thoughtful speech was delivered by a senior student, focusing on the need to promote gender equality, mutual respect, and awareness among youth. The speaker encouraged students to raise their voices against injustice and to support a culture of empathy and safety.

This was followed by a short skit presented by the students, portraying real-life scenarios faced by women and the importance of speaking out and seeking help. The performance left a deep impact on the audience, encouraging them to reflect on their behaviour and attitudes.

To further build awareness, teachers shared important safety tips, helpline information, and ways to support someone who may be facing violence. Students also prepared informative charts and posters, which were displayed on the campus to spread the message of respect, dignity, and equal rights.

The observance reinforced the school's commitment to nurturing socially responsible citizens and fostering an environment where every girl feels protected and valued.

AI and Data Science

We (Dhruv Pathak and Saatvik) of class 10 are glad to inform that our school give us the opportunity to participate in the IIT Madras School code program they were several courses offered at an introduction level we were a part of the course introduction to AI and Data science it was a 8 week course it was followed by final project and examination to get a certificate of the course completion

It was a great learning experience for both of us.

Thank you Principal Ma'am

Meghna won Gold medal in NSN championship league in Gachibowli Stadium

Misbah was selected for National Karate Championship at Gachibowli Indoor Stadium

Misbah is a Karate expert and was selected in the National Karate Championship at Gachibowli Indoor stadium it was conducted on 14th and 15th November and he was awarded with a medal and the participation certificate.

Mithilesh – A Rising Martial Arts Champion

From a very young age, Mithilesh displayed an extraordinary fascination for action sequences on television. Whenever a fight scene would appear, he would eagerly imitate the movements with remarkable accuracy. His turning point came when he watched an action sequence starring the legendary Bruce Lee. Inspired and determined, he told his mother, "I want to be like him."

Recognising his natural talent and passion—and being a black belt herself—his mother enrolled him in Warriors Academy in 2023. Mithilesh progressed rapidly under expert guidance. At his very first belt examination, he secured a double promotion, earning his Orange Belt. Today, he is a proud Green Belt holder, continuing to refine his skills with discipline and dedication.

Over the years, Mithilesh has participated in several prestigious tournaments and earned an impressive collection of medals. His achievements include:

- Silver Medal – 2nd International Championship, Shotokan Sports Karate Association of India (2025)
- Gold Medal – All India Open Karate Championship, Kishan Raju Memorial Cup (2024)
- Silver Medal – 3rd National Level Karate & Kung Fu Championship, Shotokan Karate Academy India (2024)
- Bronze Medal – National Taekwondo Championship (2024)

Silver Medal – NSN Karate League Season 1 (2025), organised by Indian Karate Association & Telangana Sports Karate Association, affiliated to WKF (World Karate Federation) and approved by the International Olympic Committee.

Mithilesh continues to train with dedication, aiming higher with every milestone. His journey from a young admirer of Bruce Lee to a multi-medal martial arts champion is truly inspiring. We applaud his hard work, discipline, and indomitable spirit and wish him greater success in the future.

Mithilesh – A Rising Martial Arts Champion

"Children are the heart of every celebration and the joy of every moment."

Children's Day was celebrated with great excitement and laughter on our school campus. To make the day memorable, children were encouraged to play olden traditional games that brought back the charm of childhood. The playground was filled with joyful voices as children enjoyed catch-catch, hide and seek, postman delivering letters, and many more timeless games that encouraged teamwork and pure fun.

A special highlight of the celebration was the 'First Letter Adjective Takeaway'. Each child chose a positive adjective beginning with the first letter of their name—

For example: • Viraj–Victory • Jasvika–Joyful • Aditya- Active

To make this activity even more exciting, a beautiful crown was made for each child, featuring the first letter of their name. As they wore their crowns proudly, they shared their chosen adjectives with the class. This simple yet meaningful activity boosted confidence, celebrated individuality, and brought big smiles to every young face.

The day concluded with happy hearts, warm memories, and the reminder that every child is truly special. Children's Day was a celebration of joy, innocence, and the wonderful spirit our little ones bring to school each day.

"Every child is a little spark—when nurtured with love, they light up the world."

Coordinator

"Every child is a star waiting for the right moment to shine."

The tiny tots of SUHAS School made us immensely proud as they participated in the Inter-School Competition held on 12th and 13th November 2025 at Academic Heights, where 20 schools took part. Our young learners showcased confidence, talent, and enthusiasm as they competed with children from across the city.

We are delighted to share the outstanding achievements of our budding champions:

- Nivika, from UKG, secured the First Prize in Handwriting, impressing everyone with her beautifully formed letters.
- Lavesh, from LKG, won the Second Prize in Thumb Printing, displaying creativity and fine motor skills.
- Mohammad Ali, from UKG, bagged the Second Prize in the Running Race, showing great speed and determination.

These achievements stand as a testament to the hard work of our students, the guidance of our teachers, and the encouragement of our parents.

"Together we achieve"

P. Anuradha, Coordinator

Suhasa

"Learning becomes meaningful when children step into the roles they admire."

To help young learners understand the importance of the people who serve our society, children dressed as community helpers and participated in a lively and engaging role-play activity. The little ones came dressed as doctors, nurses, teachers, police officers, farmers, firefighters, shopkeepers, and postal workers, each proudly representing their role with confidence and joy.

Through this activity, children not only learned about the duties and importance of various community helpers but also developed respect for the valuable services they provide. Teachers observed that teaching and understanding became easier during the role play, as the children connected emotionally and practically with each role.

The event created a vibrant learning environment filled with enthusiasm, creativity, and curiosity. Such interactive activities strengthen communication skills, boost confidence, and make learning joyful and long-lasting.

"When children learn through experience, the lesson stays in their hearts forever."

General & Comic Fun Quiz for Kids (Classes 1–3)

1. Q: Who wears a red cape and can fly high in the sky?
A: Superman
2. Q: Which superhero climbs walls and shoots webs?
A: Spider-Man
3. Q: What color is Hulk when he gets angry?
A: Green
4. Q: Who is Mickey Mouse's best friend who wears a yellow shirt and green hat?
A: Goofy
5. Q: Which planet do we live on?
A: Earth
6. Q: What do plants need to make their food?
A: Sunlight, water, and air
7. Q: How many legs does a spider have?
A: Eight
8. Q: Which bird is known as the "King of the Jungle"?
A: Trick question! Lions are the King of the Jungle — birds are not!
9. Q: Which festival is known as the Festival of Lights?
A: Diwali
10. Q: If Batman and Robin are superheroes, who is their enemy - Joker or Santa Claus?
A: Joker

Anti-Drug Awareness Pledge at Howard Public School

In response to the Telangana Government's directive encouraging all State Government and CBSE schools to take a stand against drug abuse, Howard Public School organised an impactful Anti-Drug Awareness Programme on 18th November during the school assembly.

The programme began with students and teachers taking a solemn pledge on drug abuse and its complete eradication, affirming their commitment to building a safe, healthy, and drug-free society. The pledge inspired students to stay vigilant, make responsible choices, and encourage their peers to remain away from harmful substances.

As part of the assembly presentation, students highlighted the severe effects of drug addiction on physical and mental health, family life, and society. Through speeches, thought-provoking presentations, and awareness messages, the programme aimed to empower students with knowledge and strengthen their resolve to say "No to Drugs".

The event reflected the school's dedication to shaping responsible citizens who value their well-being. Howard Public School continues to support initiatives that promote awareness, discipline, and positive lifestyle choices among students.

3,000-year-old

Amazing Facts

1. The Earth's rotation is gradually slowing down—by about 1.7 milliseconds per century.
2. Honey never spoils. Archaeologists found 3,000-year-old honey in Egyptian tombs that was still edible.

Science Facts

3. The human brain generates enough electricity to power a small light bulb.
4. Bananas are naturally radioactive because they contain potassium-40.

History Facts

5. The Indian Constitution is the longest written constitution in the world.
6. The first rocket in India was transported on a bicycle to the launch pad in Thumba, Kerala.

Space Facts

7. A day on Venus is longer than a year on Venus. Venus takes longer to rotate once on its axis than it takes to orbit the Sun.
8. There are more stars in the universe than grains of sand on all Earth's beaches.

Technology Facts

9. The first computer virus was created in 1983 by a 15-year-old student as an experiment.
10. Google was originally named "BackRub." It was renamed Google in 1997.

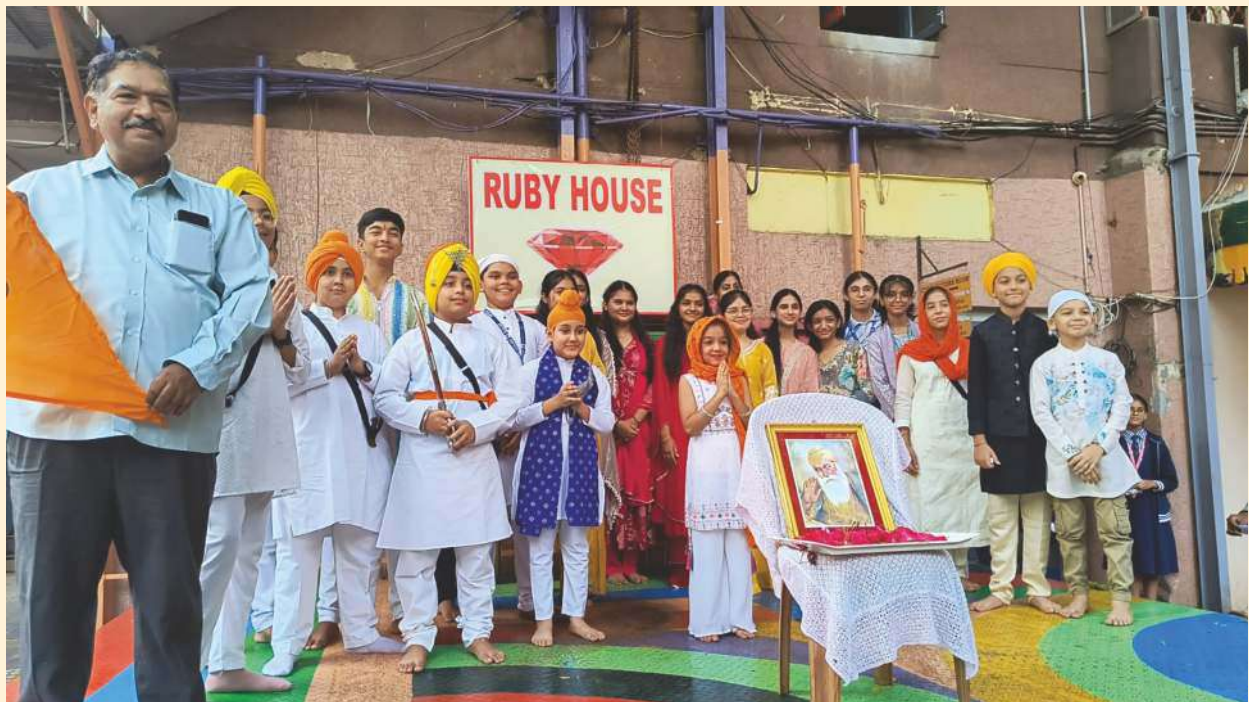

Guru Nanak Jayanti Celebration at Howard Public School

Howard Public School celebrated Guru Nanak Jayanti with devotion and enthusiasm on 5th November during a special morning assembly. The programme highlighted the core teachings and principles of Guru Nanak Dev Ji, the revered founder of Sikhism, inspiring students to embrace values of truth, compassion, equality, and service.

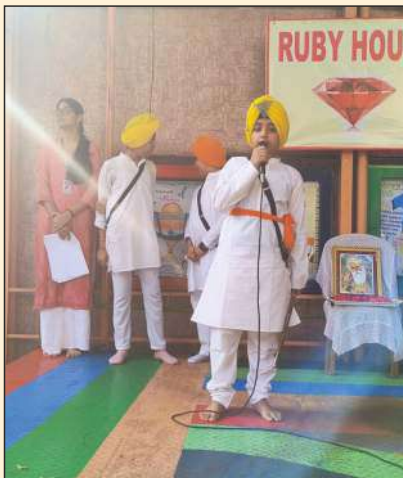

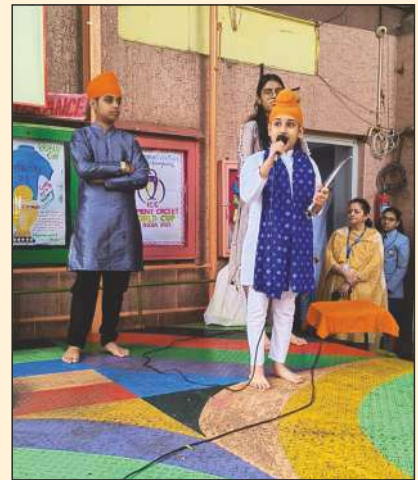

The assembly began with a serene prayer, followed by a graceful dance-drama presented by the students. Through expressive movements and thoughtful narration, the performance beautifully depicted important episodes from Guru Nanak Dev Ji's life. The students brought alive his teachings of "Naam Japo, Kirat Karo, Vand Chhako"—meditate on God's name, work honestly, and share with others.

In addition to the dance-drama, students shared significant sayings of Guru Nanak Dev Ji, reminding everyone of his timeless messages on brotherhood, humility, peace, and universal harmony. These reflections encouraged students to practice kindness and live with purpose in their daily lives.

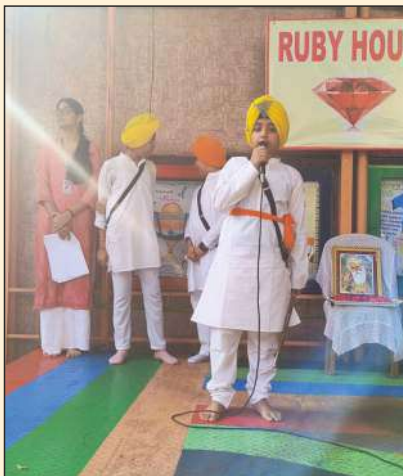

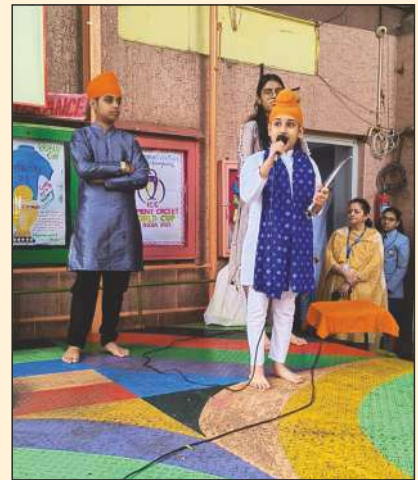

The celebration not only deepened the students' understanding of Guru Nanak Dev Ji's philosophy but also promoted unity and respect for all cultures and faiths. It was a meaningful assembly that left a lasting impact on the Howard Public School community.

Inter House Sports Day Competitions – A Day Full of Energy!

The Maths Department lit up the campus with a thrilling Inter House Sports Day Competitions, conducted from November 10 to November 27. The nearly three-week celebrations brought together fun, fitness, and fierce competition across four categories — Pre-Primary, Sub-Juniors, Juniors, and Seniors.

The programme kicked off with an action-packed Juniors Cricket match, setting a powerful start filled with cheers, strategy, and excitement. As the days progressed, each category showcased its own special charm — the Sub-Juniors impressed with their energy, the Seniors showed strong teamwork and confidence, and finally, the event concluded on a joyful note with the adorable and enthusiastic Pre-Primary races, which won everyone's hearts.

Throughout the event, the school grounds buzzed with laughter, applause, and non-stop cheering. Teachers motivated every participant, while students displayed true sportsmanship and team spirit. Every race, every match, and every cheer added to the unforgettable atmosphere.

The Maths Department's Inter House Sports Day was not just a series of competitions — it was a celebration of talent, enthusiasm, and the unstoppable spirit of young champions!

शिक्षक- राष्ट्र की नींव

शिक्षक दीपक है, अंधियारे में जोत जगाता,
ज्ञान की ज्योति से मन का अंधकार मिटाता।
संस्कारों की माटी में वह बीज बोता है,
भविष्य के वृक्ष को सींचता, संवारता है।

वह केवल पाठ का अध्यापक नहीं होता,
जीवन जीने की राह सिखाने वाला होता।
सत्य, परिश्रम, धैर्य का जो उपदेश देता,
हर बालक को योग्य नागरिक बनाता।

उसकी वाणी से उमंग और आशा जगती है,
उसके कर्मों से मानवता की गाथा लिखती है।
राष्ट्र की प्रगति का आधार वही बनाता,
हर पीढ़ी को नई दिशा, नई राह दिखलाता।

शिक्षक ही राष्ट्र निर्माता कहलाता है,
उसका समर्पण ही भविष्य को सजाता है।
उसकी तपस्या से शिक्षा का मंदिर खिलता,
उसकी आभा से भारत विश्व में चमकता।

"Nurturing young hearts and minds "

Howard public School provides a strong academy foundation with focus on conceptual understanding, not just memorization. Regular assessments and feedback help children improve their performance steadily. The teaching style is child friendly and encouraging concepts are explained using visual and practical examples which makes learning enjoyable and effective.

Teachers are supportive approachable and attentive to each child's needs. They identify strength and areas for improvement early and guide students accordingly. This directly contributes to better performance.

Along with academics the school encourages participation in sports arts and cultural activities this balance helps build confidence and overall personality. I am proud to share that my child Nivika Nahar studying in UKG has won a gold medal in handwriting competition held on 12th November in inter school competitions where 20 schools participated, which reflects both the child effort and the schools commitment to nurturing individual talents and skills. Regular updates are shared with parents through meetings WhatsApp, apps and progress Reports. Parents feel well informed and involved in the child's learning journey .

Divya Jain
Parent of Nivika Nahar
